

CITY OF MEDFORD
Building Removal Permit

APPLICANT _____ E-MAIL _____

PHONE _____ (H) _____ (W) _____ (FAX) _____

ADDRESS _____ PARCEL # _____

Permit Fee \$30.00 Cash _____ Check _____

The City of Medford requires a permit for removing any principle buildings and buildings that have a permanent foundation. The building and all of its materials must be completely removed from the site. The burying of any material will not be allowed.

Water and sewer lines must be properly capped or sealed. It is the property owner's responsibility to contact the City of Medford's Public Works Department (507) 451-7676 to obtain the requirements for capping or sealing the lines and to schedule an inspection of the work performed by your contractor.

Contact the Steele County Landfill if you plan to dispose of any demolition materials at the landfill. The County landfill has restrictions on the materials accepted.

Please fill in the following information:

Person or company responsible for removal: _____
